Consent to Treatment

I voluntarily consent to receive medical and health care services that may include diagnostic procedures examinations and treatment.

Financial Responsibility and Assignment of Benefits

I understand that I am responsible for payment in full or any co-payment **at the time services are rendered**, as indicated by my insurance plan. I understand that any amounts not paid by my insurance are my responsibility. Should I not respond within a 90 day period for any unpaid balances, the amount will be turned over to a collection agency including all additional fees, legal or otherwise, as allowed by the state of Texas.

Billing policy available upon request.

TREATMENT OF MINORS

Minors cannot be seen at Friedman Family Practice without the legal guardian's consent. Grandparents, Stepparents, and childcare practitioners must have written consent to treat from the legal guardian.

Physician Assistant (PA)/Nurse Practitioner (NP)
Consent for Treatment

This facility has on staff Physician Assistants (Robin Isaacks PA, Lindsay Svehla PA) and a Nurse Practitioner (Kristy Moore NP) to assist in the delivery of medical care.

A physician assistant or nurse practitioner is not a doctor. A physician assistant/nurse practitioner is a graduate of a certified training program and is licensed by the state board. Under the supervision of a physician, a physician assistant/nurse practitioner can diagnose, treat and monitor common acute and chronic diseases as well as provide health maintenance care.

“Supervision” does not require the constant physical presence of a supervising physician, but rather overseeing the activities of and accepting responsibility for the medical services provided.

A physician assistant/nurse practitioner may provide such medical services that are within his/her education, training and experience. These services may include:

- Obtaining histories and performing physical exams
- Ordering and/or performing diagnostic and therapeutic procedures
- Formulation a working diagnosis
- Developing and implementing a treatment plan
- Monitoring the effectiveness of therapeutic interventions
- Assisting at surgery
- Offering counseling and education
- Supplying sample medications and writing prescriptions (where allowed by law)
- Making appropriate referrals

I have read the above, and hereby consent to the services of a physician assistant or nurse practitioner for my health care needs.

I understand that at any time I can refuse to see the physician assistant or nurse practitioner and request to see a physician. I understand that my appointment will likely need to be rescheduled to accommodate my request.

Controlled Substance Policy

It is the policy of this office that we do not routinely prescribe controlled substances such as narcotics (Vicodin, Percocet, Norco etc.) or benzodiazepines (valium, xanax, ativan, etc.). There are occasions where controlled substances are warranted however, they will only be prescribed in a very limited quantity and will not be refilled. These substances will also not be prescribed over the phone. If you have a condition that you feel requires either large quantities of such medications or long term use of such medications, we will be happy to refer you to the appropriate specialist for your condition. We cannot provide refunds for patients who are seen but feel they require larger dosages, quantities, or refills of controlled substances.

By signing below, I acknowledge that I have read and understood the controlled substance policy of Bradley Friedman M.D. P.A. and Friedman Family Practice.

OFFICE POLICIES

At Friedman Family Practice, we are dedicated to providing you with the best medical care available. In order to do that, we will need your assistance in providing us with necessary information. This information will be kept confidential and is protected by law. The information provided is used for the purpose of providing services to you and is shared with your insurance company for the purpose of reimbursement. If any type of lab work is done, this same information will be provided to the lab provider as well. We will not release your information to any other facility or person unless requested by you in writing.

We will file with your insurance if we are a participating provider under the plan for which you are enrolled. Any out of pocket expense, co-pay, deductible, or co-insurance is the responsibility of the patient, and is **due at the time of service**. If we are not a participating provider on the plan you are enrolled, payment will be due at the time of service. We accept various forms of payment. If a check will be used as payment, your driver’s license must be provided.

** Unfortunately, we are not always aware of the particular details of each insurance plan. Therefore, please be sure you are aware of any exclusions and/or provisions with your plan. Any service not covered by the insurance will be the responsibility of the patient. Your insurance is a contract between you, your employer, and the insurance company. We file your claims as a courtesy but ultimately, medical charges are the responsibility of the patient.

If you have any questions or concerns with these policies, please feel free to contact our office.

Information on patient concerns for TSBME and TDI available upon request

By signing below (as the responsible party/legal guardian) I certify that I have read and understood all of the information above in pages one through four, and agree to the policies of Bradley Friedman M.D. P.A. (Friedman Family Practice). This form must be signed prior to services being rendered. It will become part of your permanent record with our office.
